CIRCLE KUSOU ZIKKEN
Presents

I was 16 the first time I took part in an expedition to defeat Sin as a guard... As a novice black mage I was hand-picked by the Summoner to be a member

It's okay to be nervous

Ah...

Have you prepared yourself?

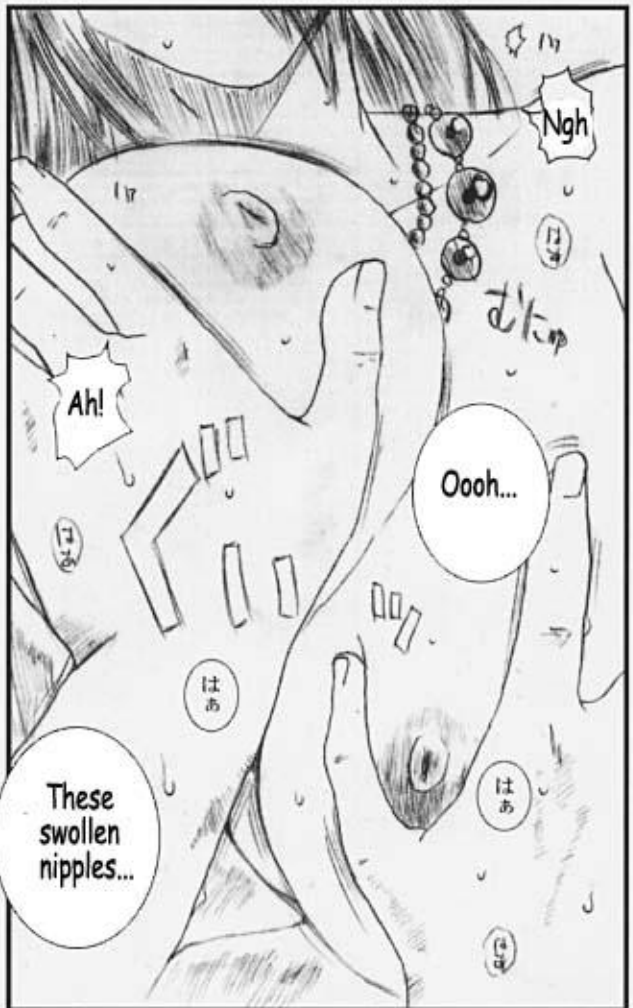

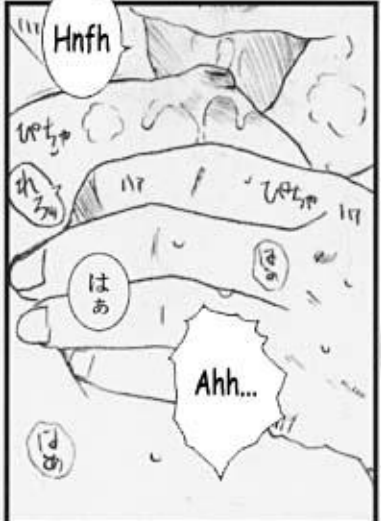

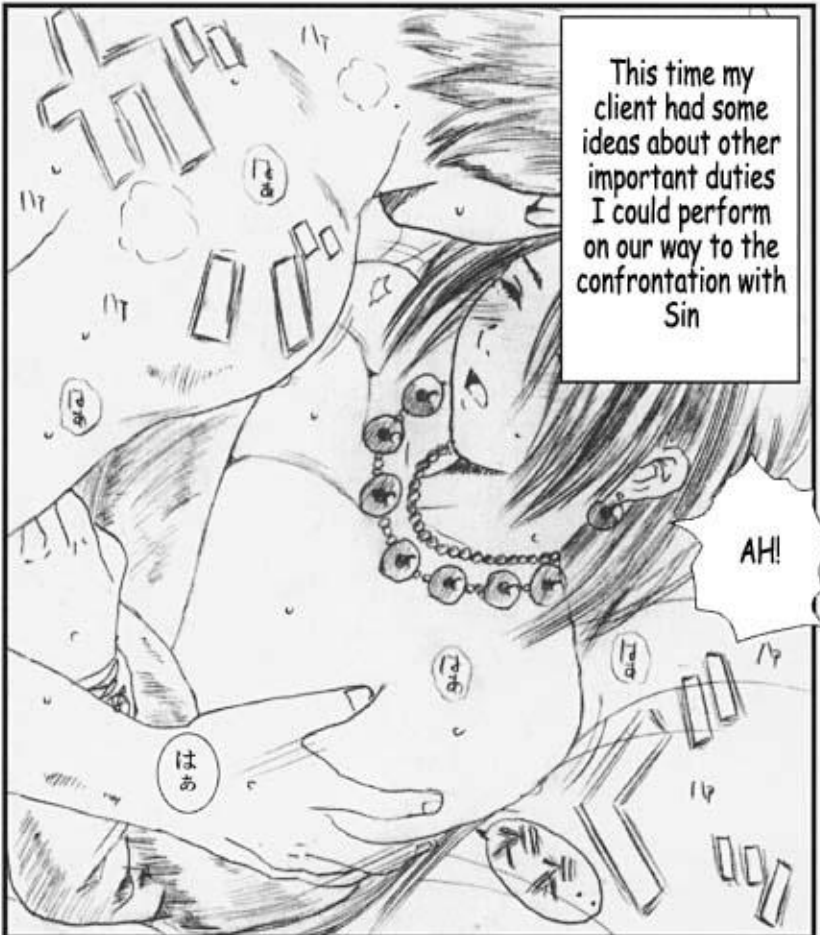

Um...

Oooh... You're already here

And without thinking I gave my tearful consent

This time my client had some ideas about other important duties I could perform on our way to the confrontation with Sin

But he wasn't finished yet.
My client went right at my pussy with his tongue...

Ah!
What are you...?

YAHHH!

Ah!

はあ

Agh...

ズチッ

Hah!
Now for some of this!

His cock got hard from that once again

Nmgfh!

...and he filled my mouth...

Ackh!

Gahhh!

Ah

All I remember from my first time is it hurting. There was nothing I could do about what was happening to me... I could only wait while he pounded me from underneath... Until he had finished pumping his cum inside me

Not at all,
not at all...

This is
perfect

Eh...?

Are we
a little early,
perhaps...?

Right,
Sir?

Ahh

Ah

Heh,
heh...
If you
insist...

Heh...
It's important
for people on a long
journey together to
"get to know" one
another

Ah...

Looks
like your
little partner's
about spent
too...

Now it's
our turn!

Ah

And now I
have to deal
with the
senior guards'
cocks...

She'd
just make
a mess!

Why?
Why did I
join this
summoner...?

...she'd
just get
in the
way!

I think
if we were
fighting
today...

Nnnh

Ahh!

You have
to let me
have these!

I'm
gonna use
this part!

Wait!

Yahh!

Hmm,
let's see...
I guess I'll
take this
hole!

No!
Not
there!

Ahh...

Two at a time...
They're even in
my ass...

Hyahh!

Yahhh!

Ah!

This girl is
an important
ally, after
all...

Hmm...
Aren't you guys
being a little
excessive?

Oh god...

Ahhh!

Ahhh...
Feels so
good!

Nfh!

Now I see...
From now on
I will be
theirs to
use...

Wow...

Hngh!

Nmfh!

And that was only the beginning.
It continued the next day as if it were the most natural thing in the world...

...and the day after that as well...
I was forced to be their cumdump

In the middle of
the forest...
In back alleys...
Even in caves...
They used me
everywhere

Yahh!

AH!

Ah!

They thought of
nothing but their own
perverse desires,
drenching me in
their filthy cum

Heh,
heh...

Ahhh!

Hahhh

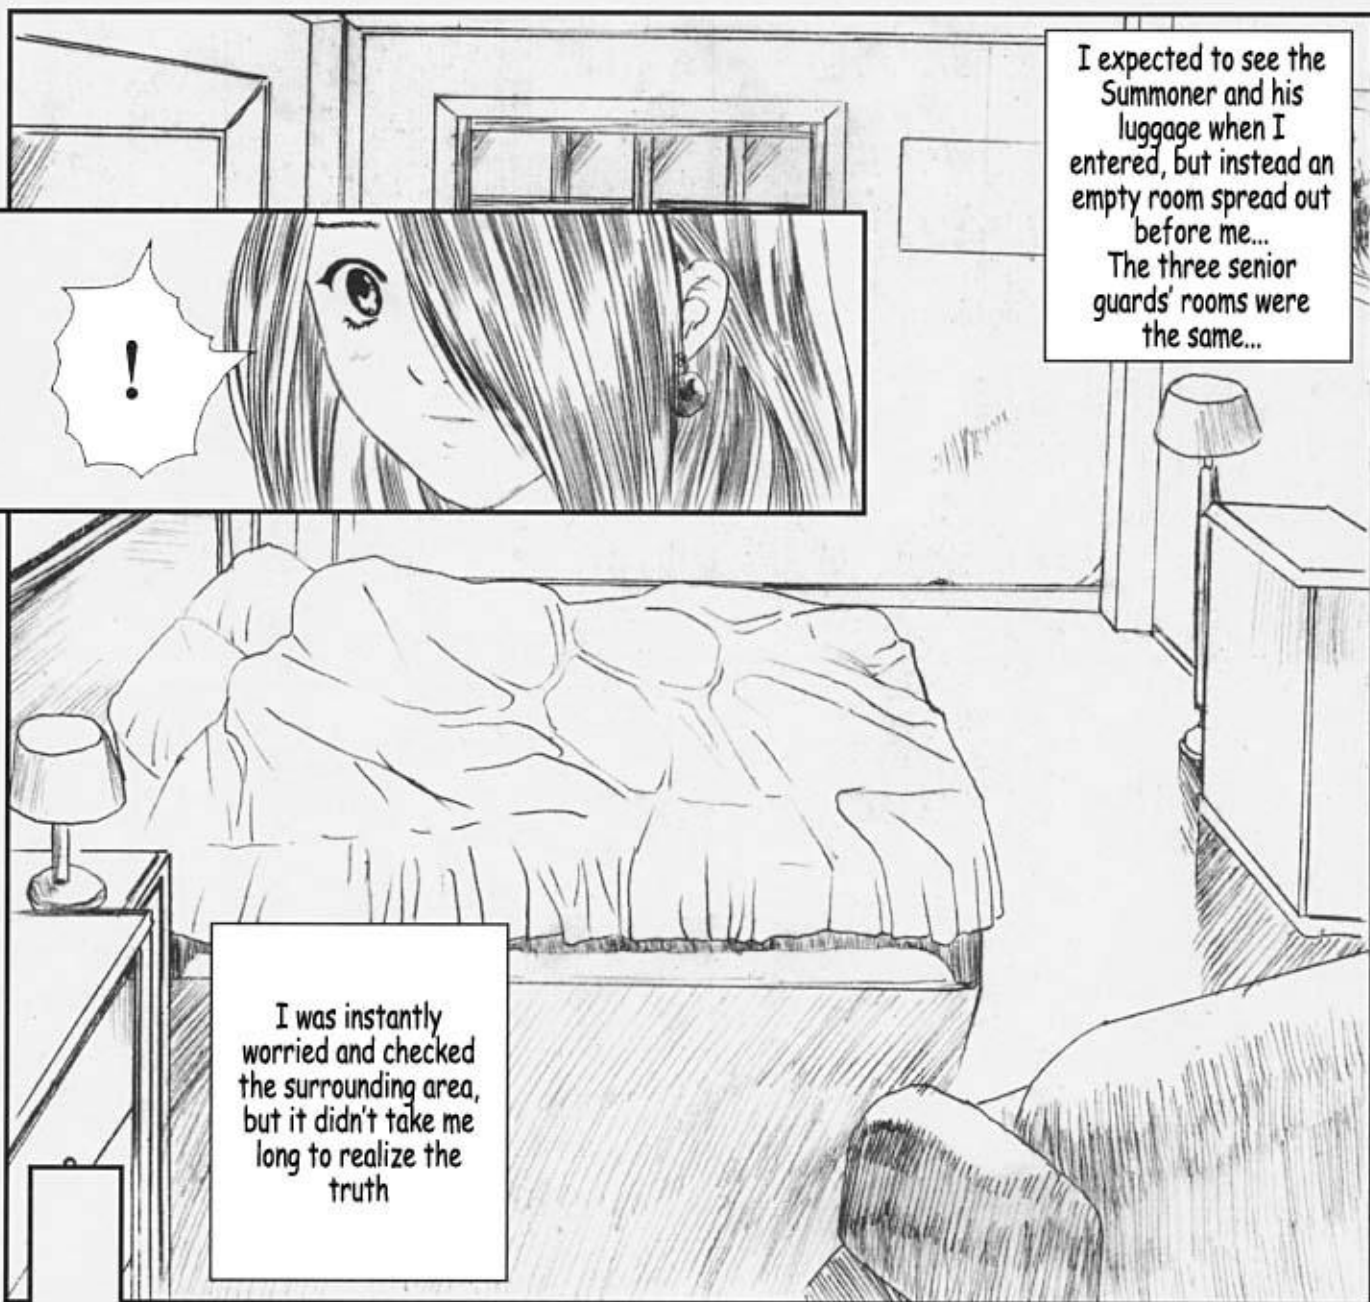

I'm coming in!

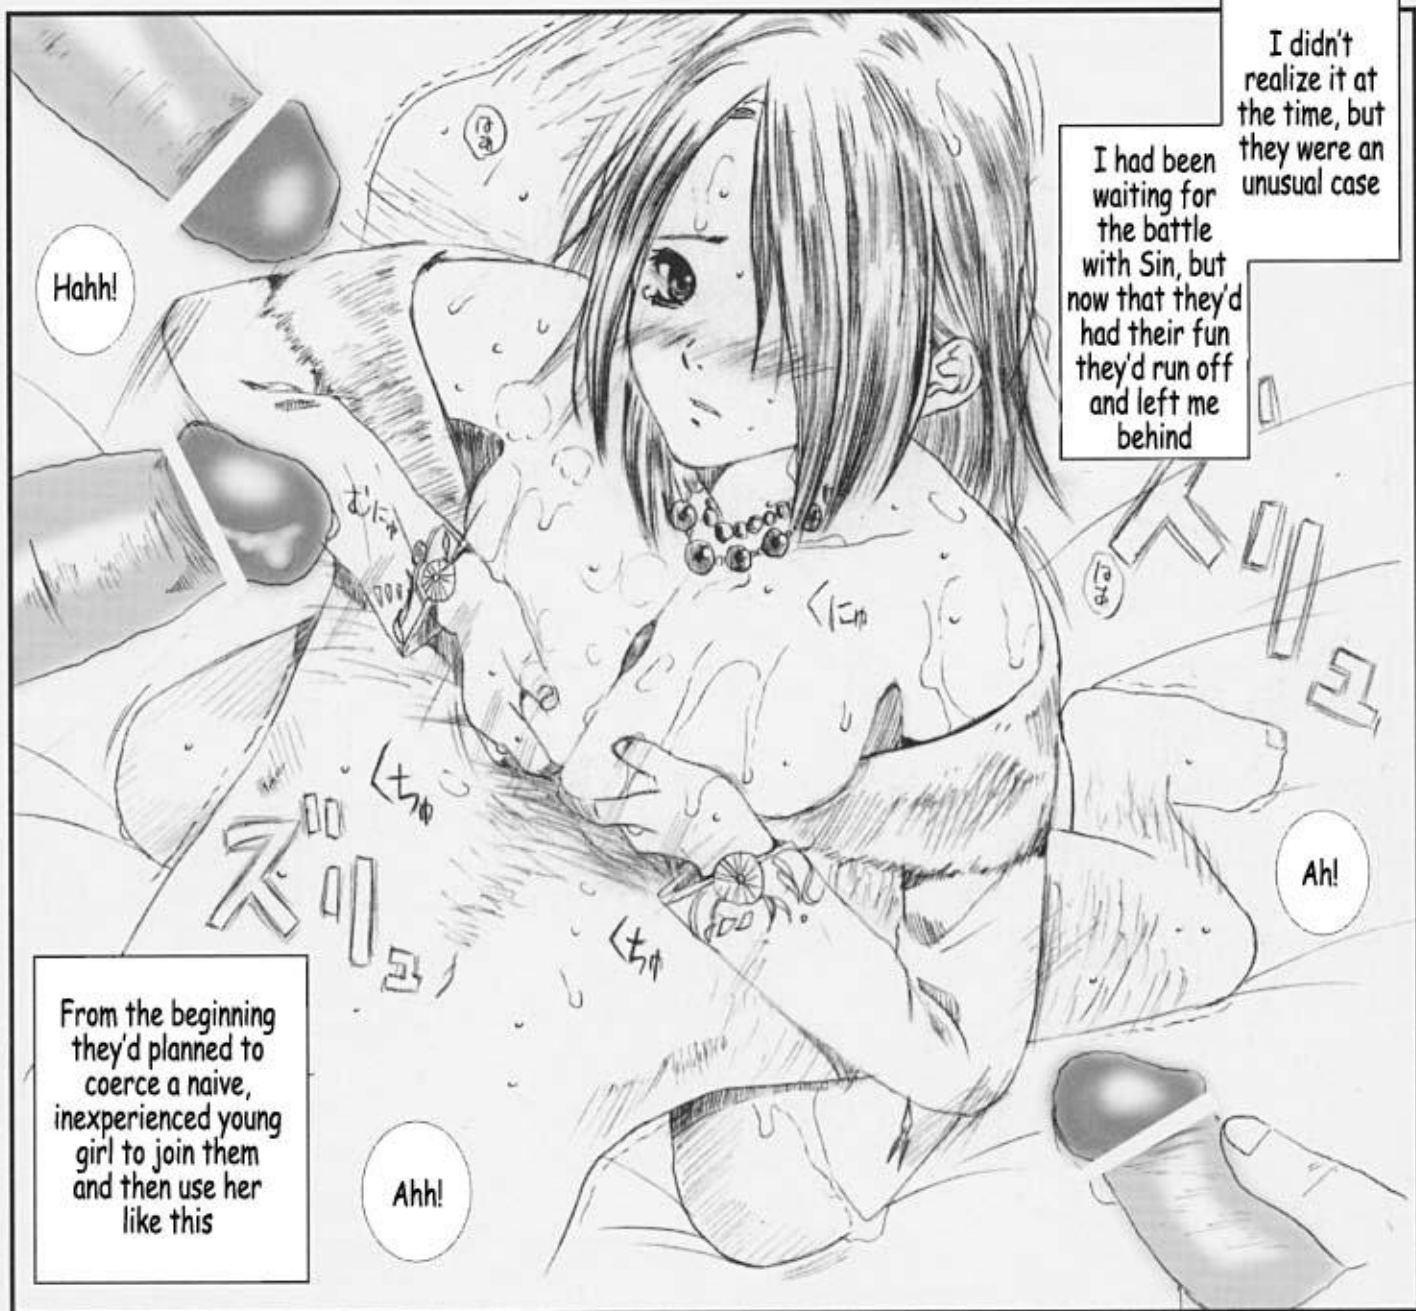

Summoner! Summoner, Sir!

The days of that terrible life flowed by until half a year had passed. Finally, the day arrived when we would confront Sin. That morning...

I expected to see the Summoner and his luggage when I entered, but instead an empty room spread out before me... The three senior guards' rooms were the same...

I was instantly worried and checked the surrounding area, but it didn't take me long to realize the truth

From the beginning
they'd planned to
coerce a naive,
inexperienced young
girl to join them
and then use her
like this

Ahh!

I had been
waiting for
the battle
with Sin, but
now that they'd
had their fun
they'd run off
and left me
behind

I didn't
realize it at
the time, but
they were an
unusual case

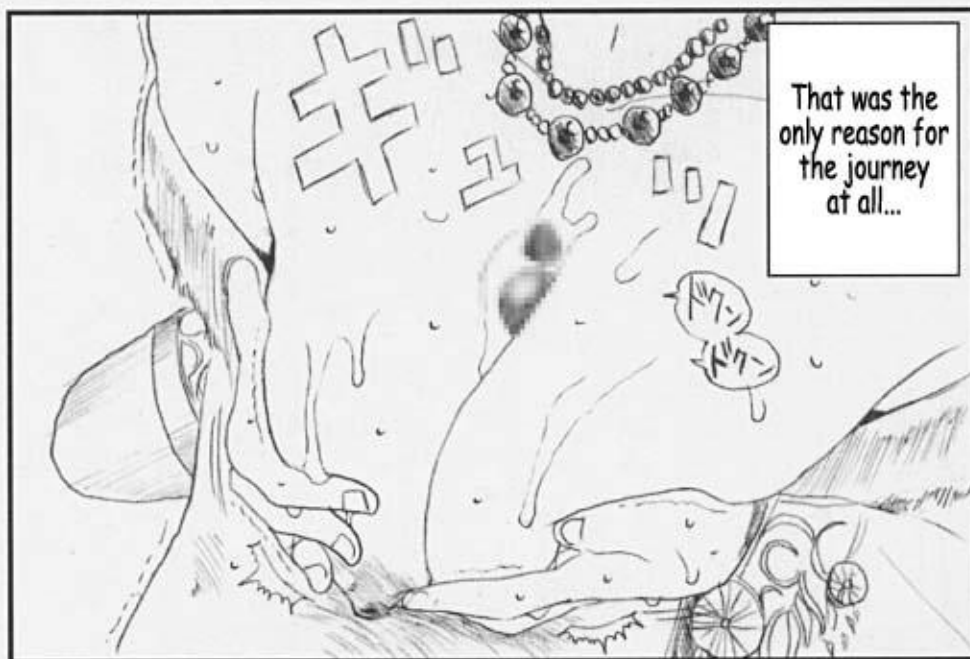

Hahh!

Ah!

And so,
that is how
my first Sin
expedition
came to an
end
